TOOLS & TECHNOLOGIES

WordPress • Rank Math SEO • AI-assisted tools • Canva • Image/WebP optimization workflows • Social media platforms

EXPERIENCE

SEO & Website Optimization | Project-Based | 2026
- Implemented Rank Math titles and meta descriptions; corrected and added image alt text across website pages and media assets.
- Replaced large logo and mascot images with smaller WebP files, updated service messaging site-wide, and fixed internal links.
- Planned and drafted website changes before publishing updates to the live site.

Operations Manager | The Junkies | 2025
- Managed daily operations and field teams; coordinated schedules, jobs, and routes.
- Handled customer communication, operational issues, job progress, and service quality.

Graphic Designer & Video Editor | MaysfieldAppliances | 2025
- Created graphics and promotional materials; edited videos for social media and marketing.

Graphic Designer | Arla Business Solutions | 2025
- Created social media graphics and branded visual content for digital platforms.

Social Media Manager | ASAP Junk Removal | 2025
- Managed social content and posting; created graphics, videos, captions, and content strategies.
- Coordinated with field teams to collect photos and video content.
